**FORUM  
BOIS  
CONSTRUCTION  
FRANCE**

Épinal • Nancy

3 → 5 april

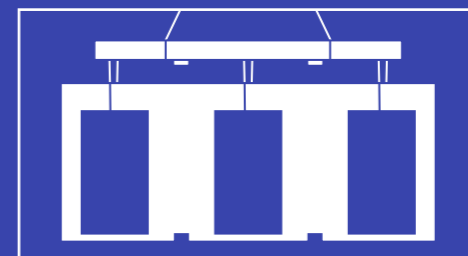

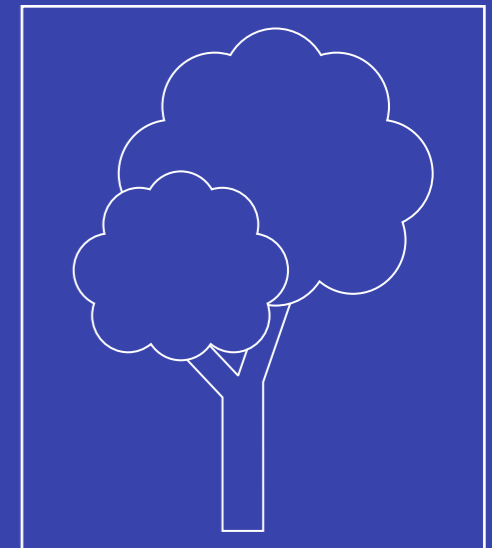

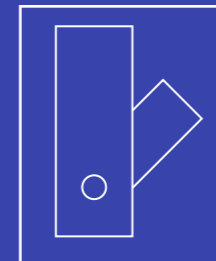

2024

13<sup>th</sup> edition

**Storing  
carbon**

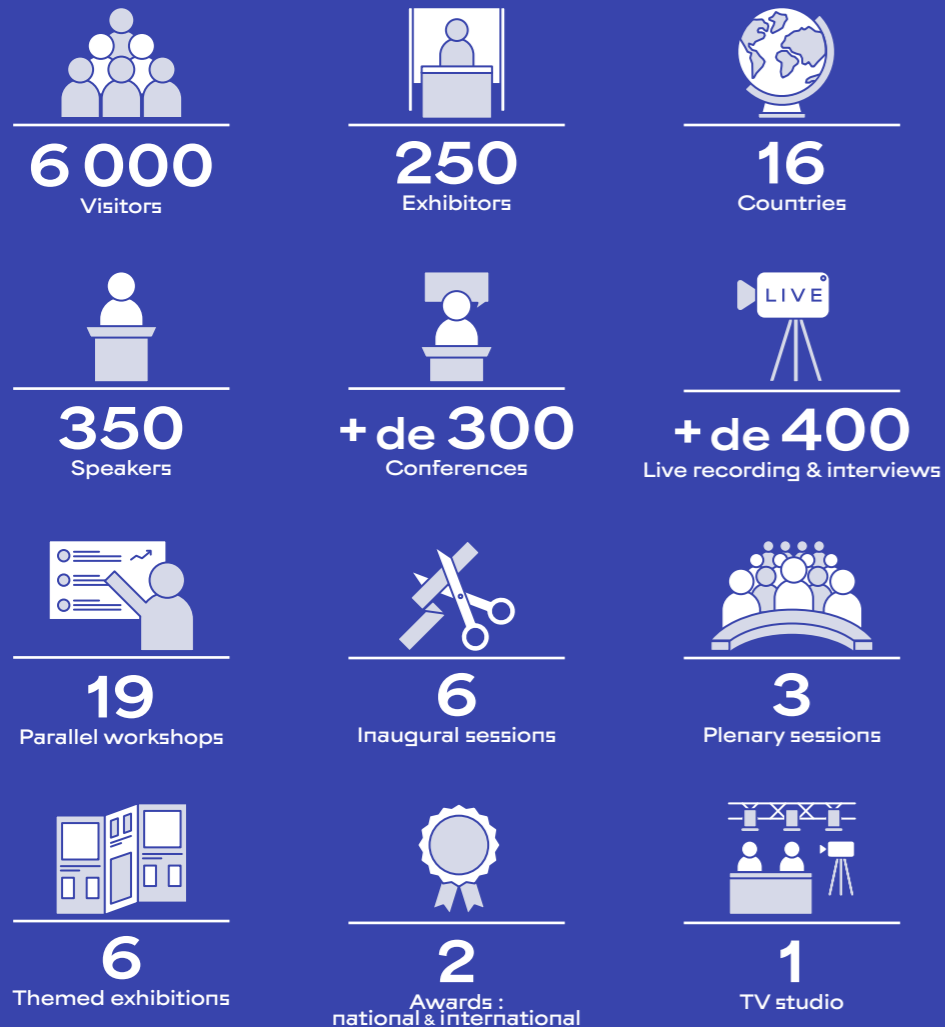

Biobased construction to build a future

Supported by :

Since 2011, the Forum has been a platform for national and international exchanges. This interactive space is based on the study of the most current and emblematic achievements in wood and bio-sourced construction, renovation and fittings in France and around the world. The 12<sup>th</sup> edition took place in Lille and brought together :

## A rich and welcoming offering

### Technical conferences

**Apply for the 2024 call for projects**  
[forum-boisconstruction.com/pdf/appel-projet.docx](https://forum-boisconstruction.com/pdf/appel-projet.docx)

**2023 conferences programme**  
[forum-boisconstruction.com/pdf/FBC2023\\_programme\\_FR.pdf](https://forum-boisconstruction.com/pdf/FBC2023_programme_FR.pdf)

**Conference of the last three editions**  
[vimeo.com/user48479741/vod\\_pages](https://vimeo.com/user48479741/vod_pages)

### Innovations

**The “Tribune des Innovations” & the start-up zone**  
 Dedicated areas to help young companies shine a spotlight.  
[vimeo.com/user/48479741/folder/15883875](https://vimeo.com/user/48479741/folder/15883875)

### Networking and BtoB

**An eco-designed, user-friendly tradeshow tailored to your needs**  
 Functional, welcoming and customized Belleville stands.

**A way to expand your professional network**  
 A BtoB platform to set up your business meetings.

### Explore

**Embark in the “Wood Architecture” tour in the Grand-Est region**  
 Discover the latest architectural achievements in wood and biobased materials.

**2024 FBC Totems in the spotlight in Épinal and Nancy**  
 Installations to showcase next-generation creativity.

**Themed exhibitions**  
 A wide range of committed perspectives on carbon storage.

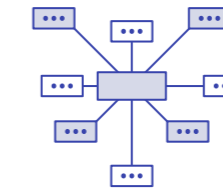

### Tailor-made communication

**A targeted message to the industry**  
[forum-boisconstruction.com](https://forum-boisconstruction.com) • Newsletters sent to 60,000 professional addresses.

**A strong presence on social networks**  
[Instagram](https://www.instagram.com/forumboisconstruction) • [Facebook](https://www.facebook.com/forumboisconstruction) • [LinkedIn](https://www.linkedin.com/company/forumboisconstruction) • [YouTube](https://www.youtube.com/channel/UC...) • @forumboisconstruction

## Bringing people together

### 2024 topics

Forest resources • Biodiversity • Reforestation • Sustainable forest management • Using beetle-killed wood • Renovation • Rehabilitation • Biobased • Extensions • Elevating existing buildings • Innovative solutions • Wood & biobased construction • Fire protection • Acoustics • Surviving summer • Heat islands • Material reuse • RE 2020-25 • EPR • Eco-districts • Sustainable urban planning • Mixed materials.

### Co-organized by

ENSTIB • ENSA Architecture • MAP-CRAI • ESB • Institut de la Charpente et de la Construction Bois • Ingénieurs Bois Construction • Ordre des Architectes • UNSFA • Union des Industriels et Constructeurs Bois • Union des Métiers du Bois • CAPEB-UNA Charpente Menuiserie Agencement • Le Commerce du Bois • Fibois Grand-Est • Fibois France • France Bois 2024 • CNDB - Club Oui au Bois • Institut Technologique FBCA • France Bois Forêt • CODIFAB • Ameublement Français.

### The meeting for decision-makers and actors in the biobased construction, renovation and fittings sectors
